PITCH DECK

OUR VISION

Unleash your inner animator! At TubeTV, we're on a mission to rock the animation world. Our vibrant online platform is the go-to destination for talented amateur animators itching to showcase their creativity, get epic

feedback, and fuel their dreams with crowdfunding. We're not just another streaming site; we're a **LAUNCHPAD** for animation greatness. Join us as we empower animators to level up, connect with industry pros, and bring their wildest ideas to life!

TubeTV is an online platform that specifically targets **AMATEUR ANIMATORS** who are seeking a platform to showcase their work and gain support for their projects.

TubeTV's primary objective is to provide a space for animators to share their animations and receive crowdfunding to further develop their individual projects.

By providing a dedicated space for these individuals, TubeTV encourages them to upload their animations, build a following,

and receive feedback from the community. This feedback can be valuable for the animators to improve their skills and refine their projects.

One of the key aspects of TubeTV is the **CROWDFUNDING** feature. The platform allows animators to seek financial support from the community to continue working on projects. This funding can help cover expenses such as animation software, voice actors,

or collaboration with additional animators on a project.

TubeTV also functions as a facilitator and **NETWORKER**, connecting animators with industry professionals and potential collaborators.

The ultimate goal for animators on TubeTV is to

attract the attention of larger animation studios or TV networks who might be interested in developing their projects further.

The explore page acts as a dashboard, showcasing a diverse range of animated content, categorized to help viewers easily find their preferred genres and styles.

TubeTV provides a two-tiered viewing experience with a **FREE SECTION** and a **SUBSCRIPTION-BASED** section (Inner Circle).

In the free section, viewers can access a wide range of animated content without any cost, allowing them to enjoy various animations at their convenience.

For those seeking even more exclusive and premium animations,

INNER CIRCLE is the ultimate solution. Subscribing unlocks access to a curated selection of high-quality animated series and shows that go beyond the offerings of the free section, elevating the viewing experience with top-notch entertainment.

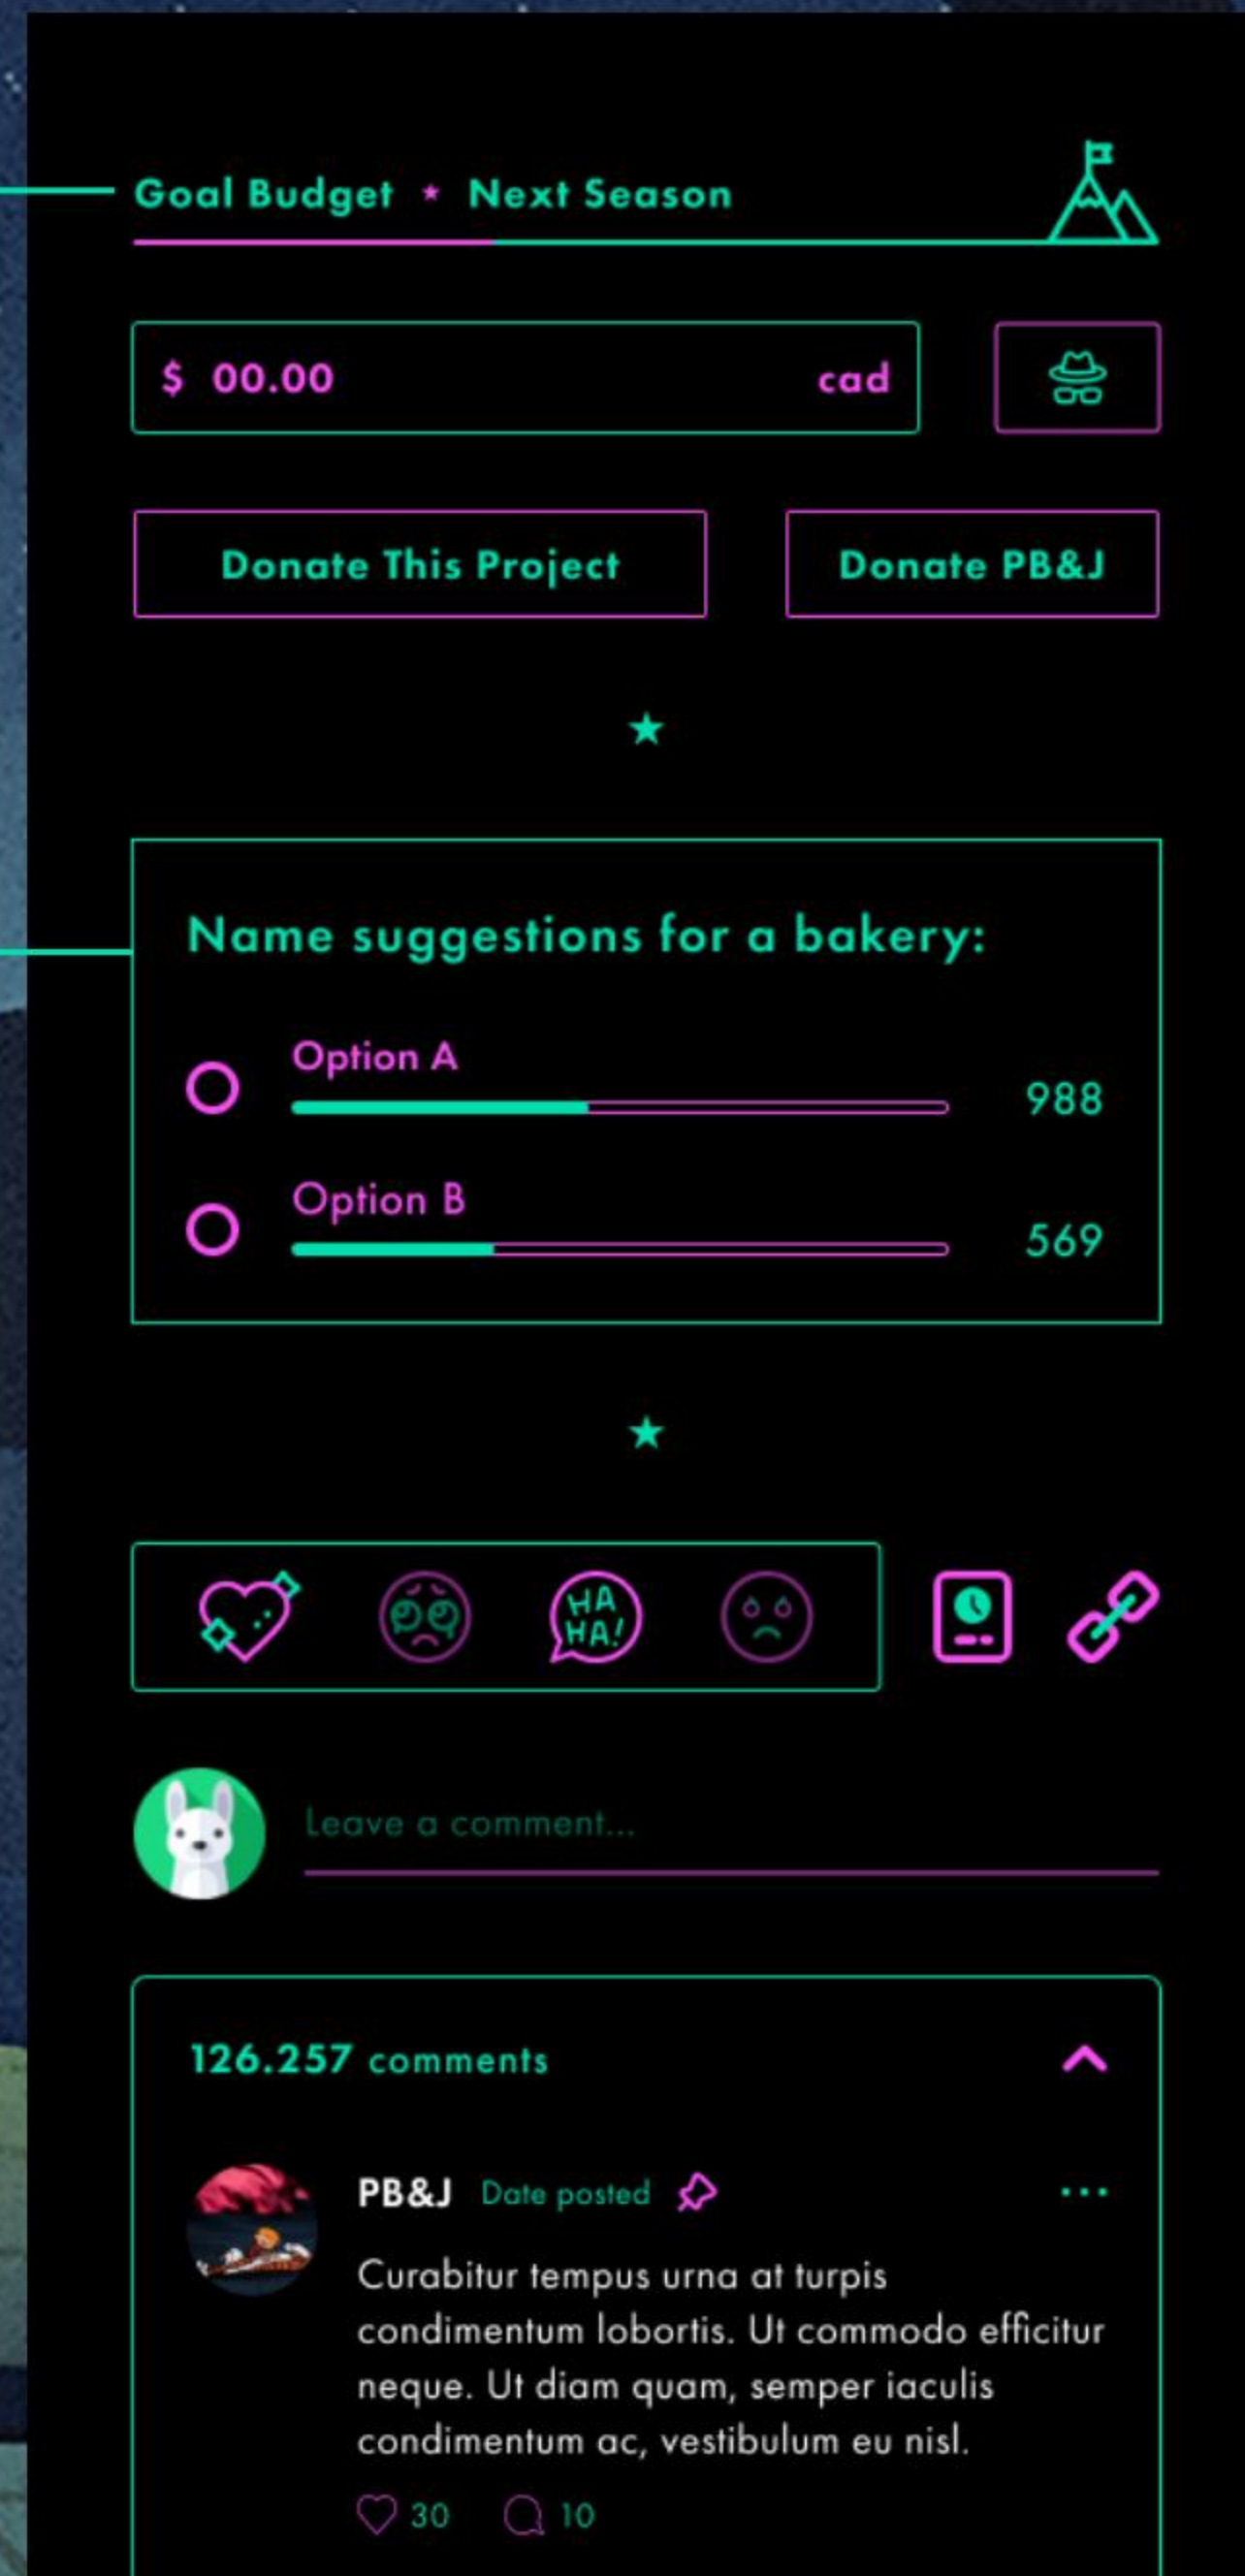

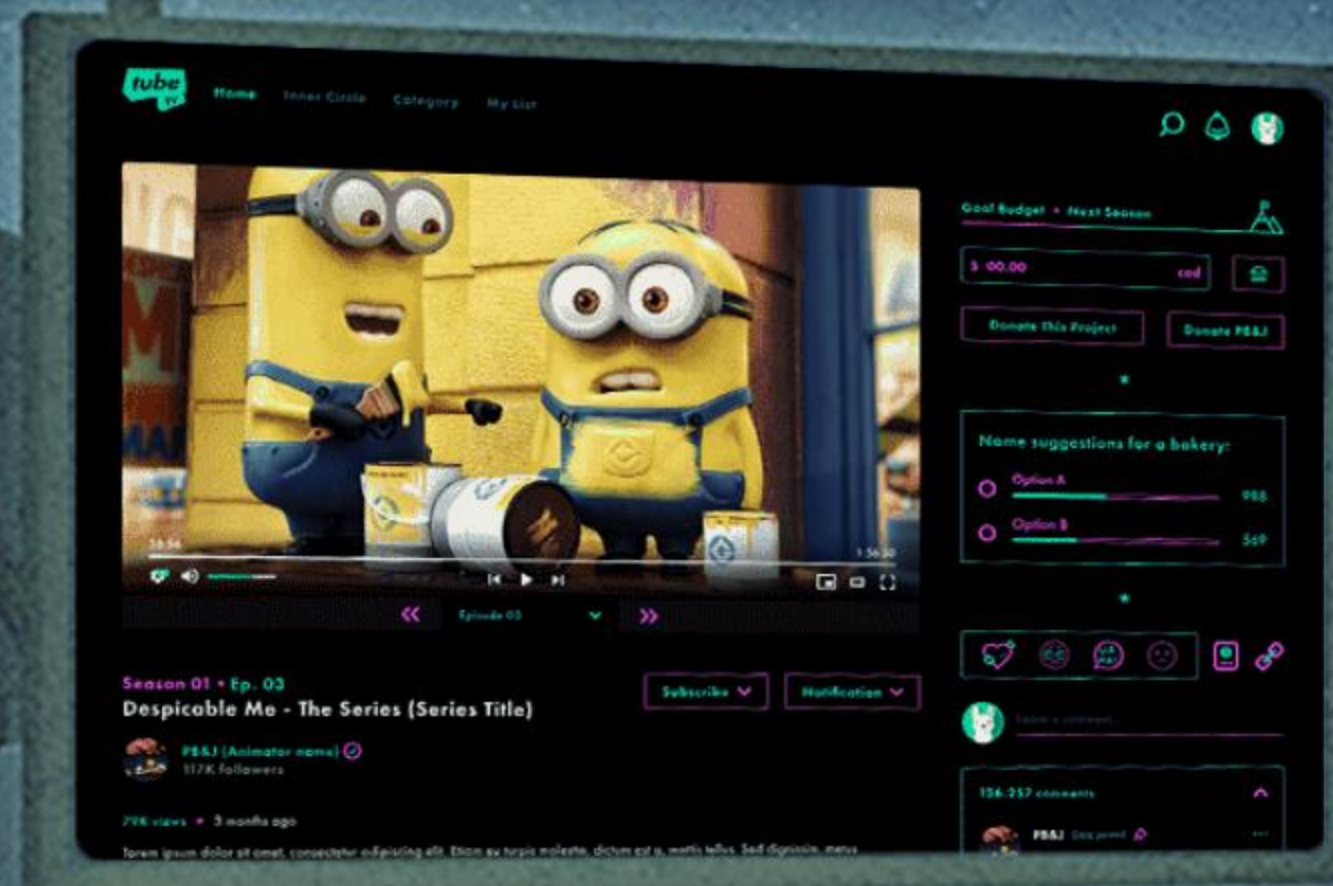

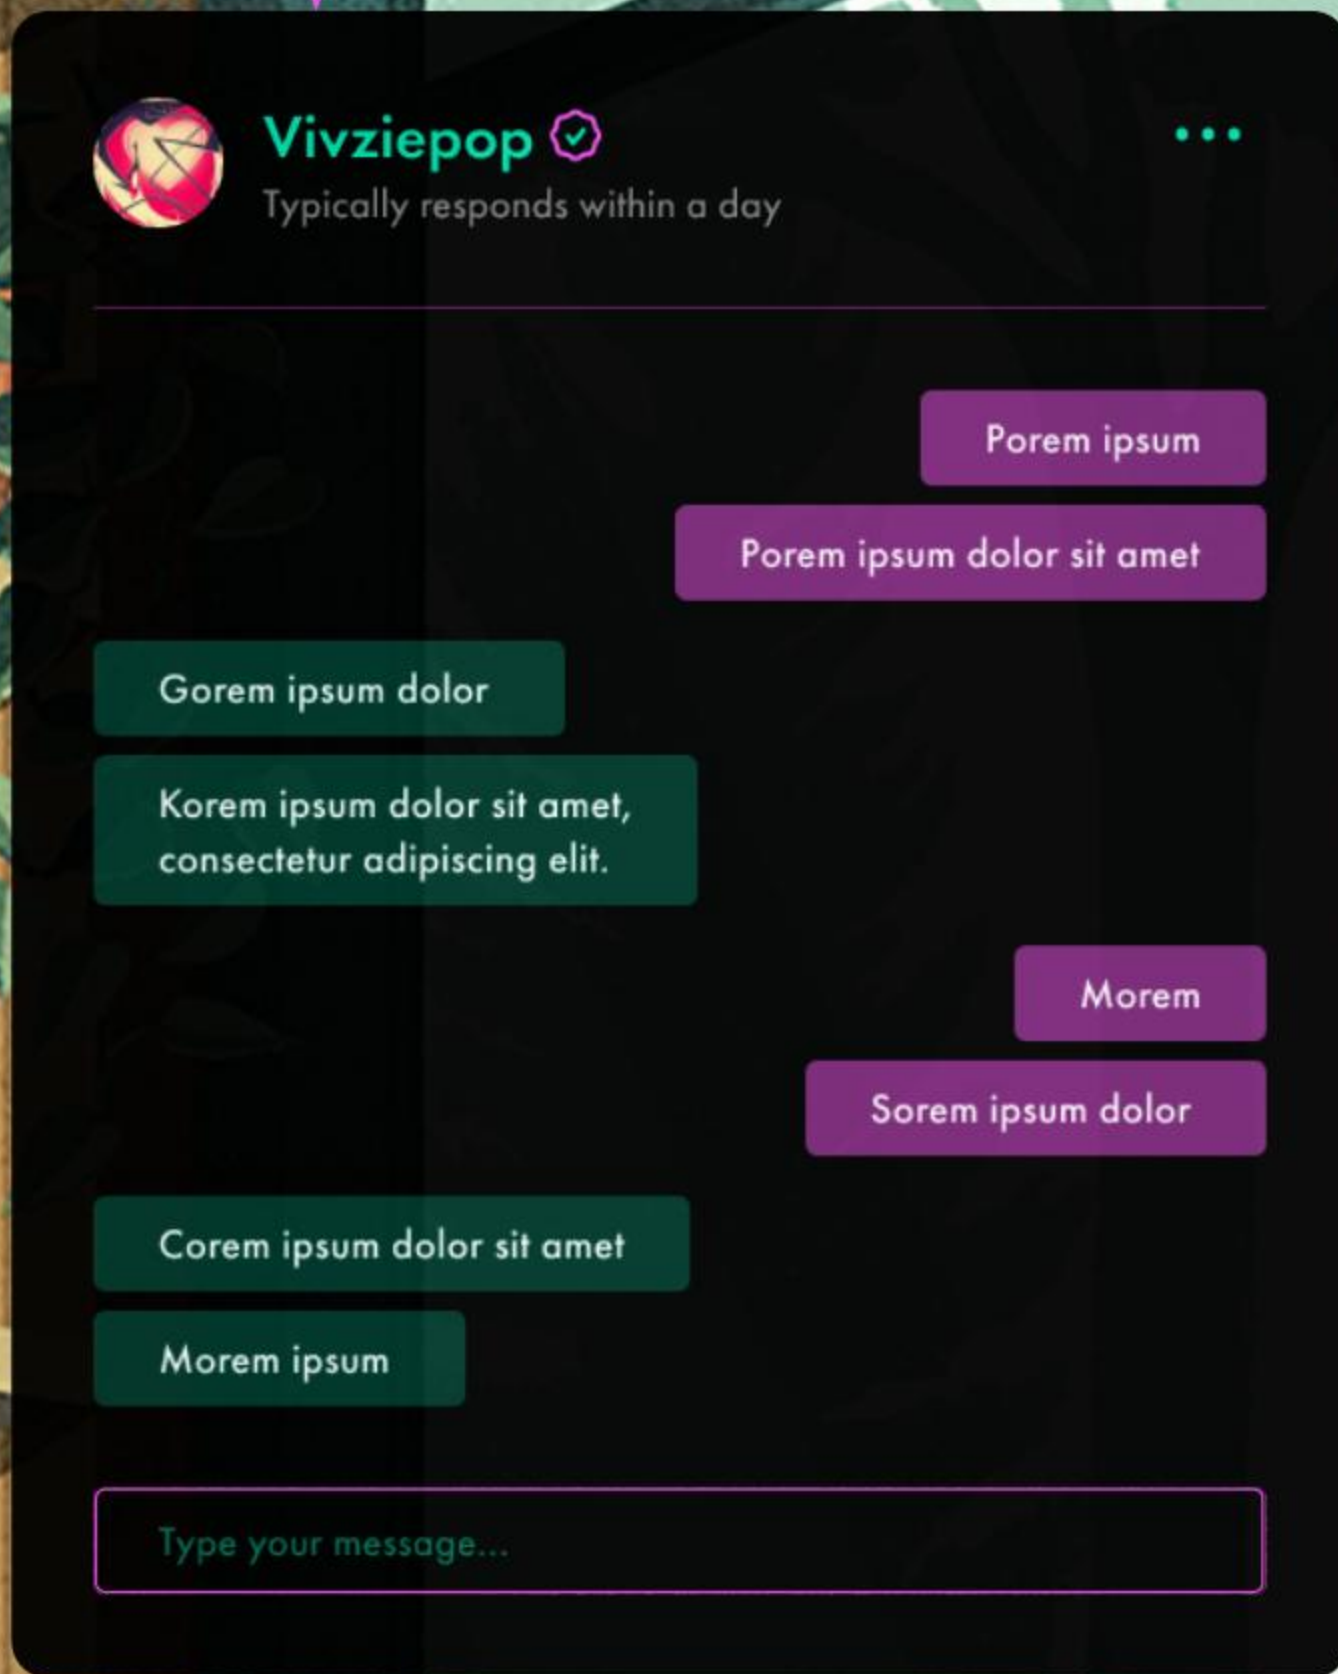

TubeTV's features are designed to foster collaboration, support, and engagement between animators and viewers.

This creates a dynamic and interactive platform that caters to the needs of all animation enthusiasts.

CROWD FUNDING: Provide direct support to talented animators, helping them bring their visions to life.

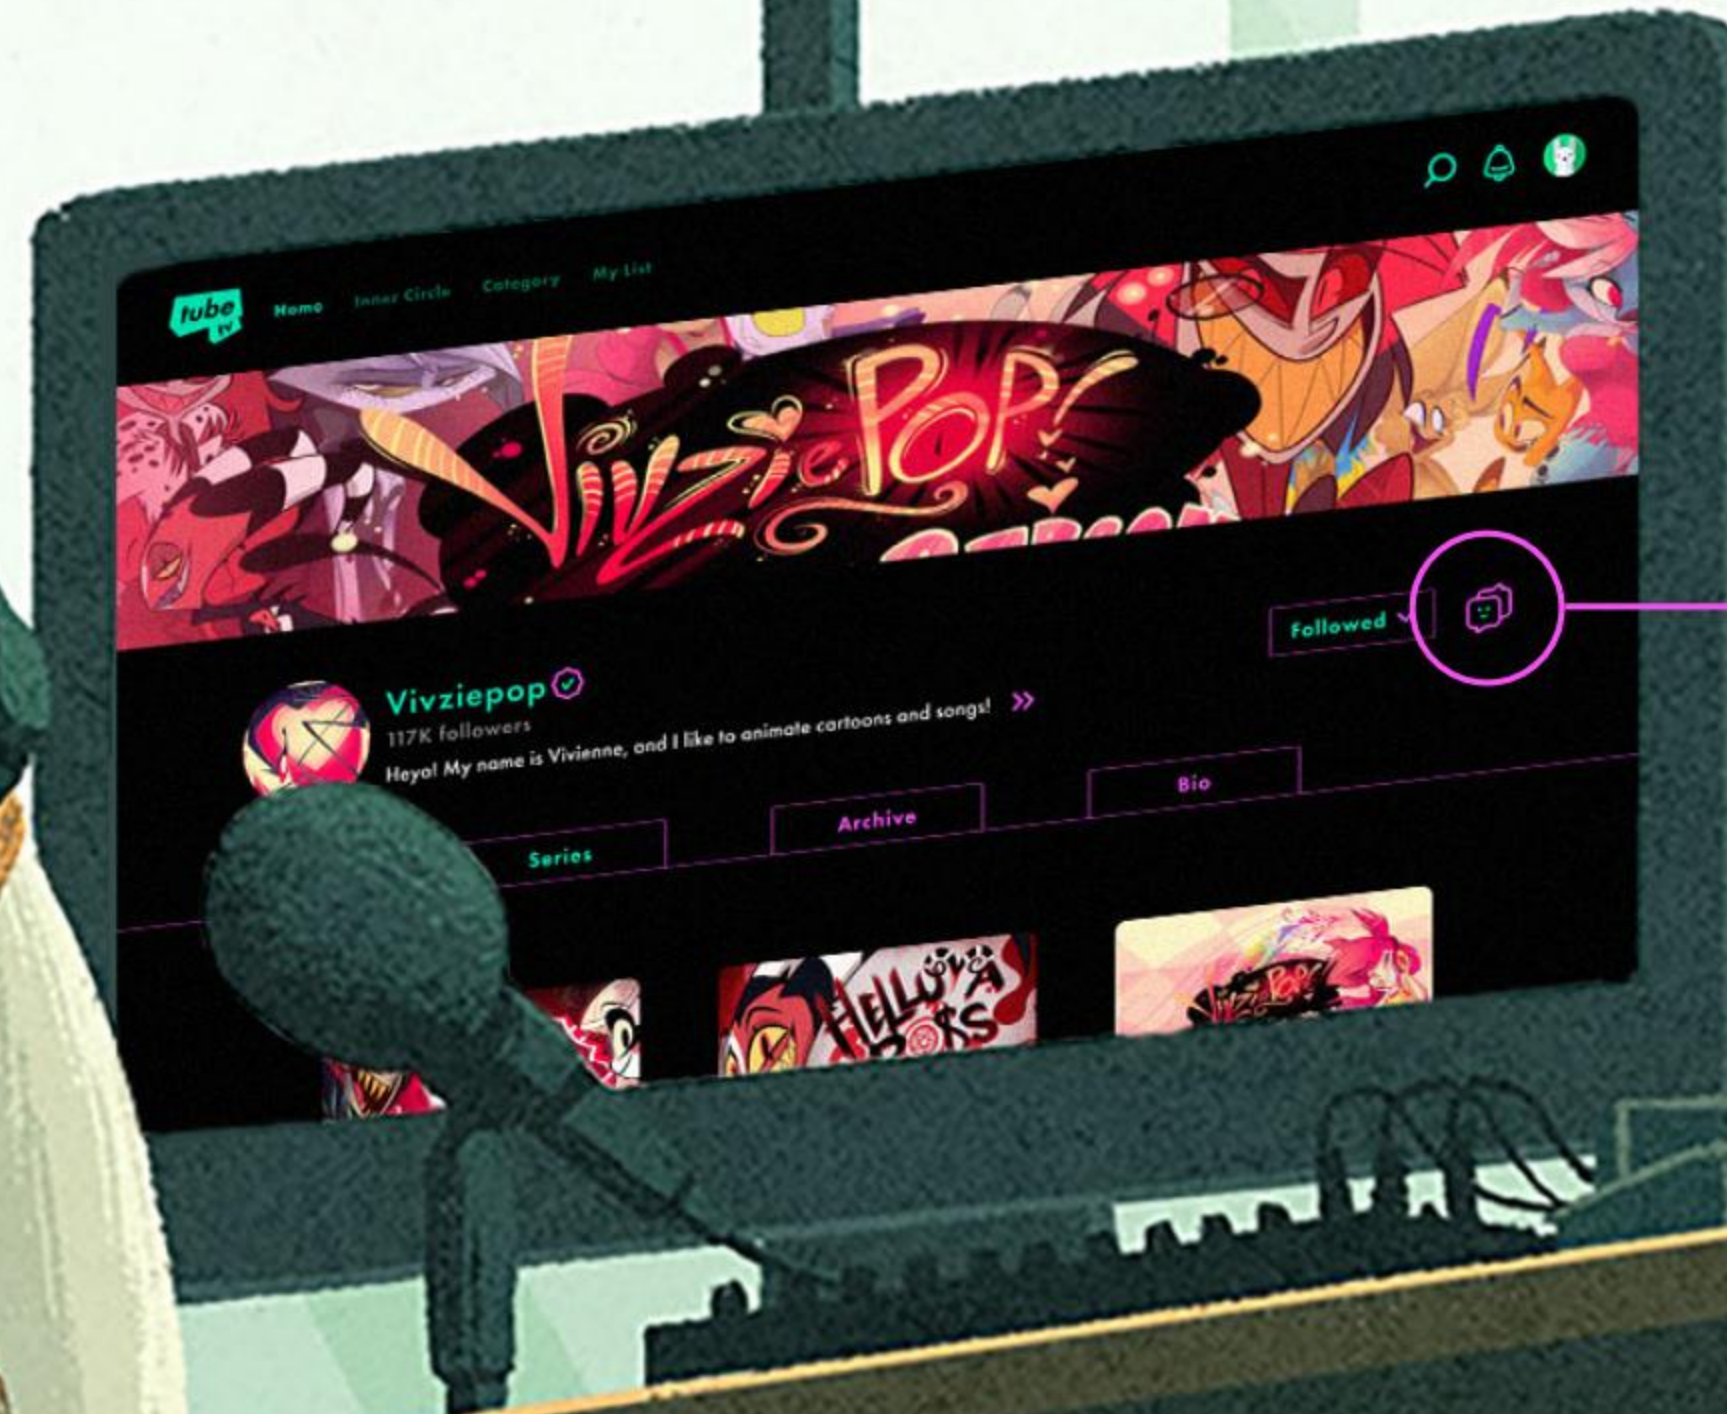

POLLS + Comments & Reactions: Promote active community participation and gather audience input to shape the trajectory of projects.

Every animator's creative haven within the community, a gateway to visibility, recognition, and collaborations in this exciting world. The **CHAT FEATURE** serves as a powerful tool for establishing

CONNECTIONS within the industry. By enabling creators, animators, and industry experts to communicate directly, it opens up avenues for collaboration, mentorship, and career advancement.

PROFILE
- PAGE -

TubeTV is a distinctive and unparalleled platform in the market, setting itself apart from others.

Unlike its competitors, such as YouTube, Teletoon+, and Disney+, TubeTV is specifically designed to **SUPPORT** amateur animators by offering crowd funding options and valuable networking opportunities.

With its unique concept and specialized features, TubeTV is the ultimate choice for aspiring animators and animation enthusiasts looking to bring their creativity to life.
